

# Automotive Trades Service Request Career and Technical Education SFDRICISD

The Automotive Trade Students Class of SFDRICISD Career and Technical Education Program are enrolled in a program which provides instruction and application of automotive skills in preparation for the workforce. This on the job training provides opportunities for our students to do multiple jobs and learn the skills needed. It is not in competition with private industry and fees are not charged for labor provided, however donations are accepted to their Student Organization Activity Fund. Make all checks payable to Del Rio High School and memo the specific CTE Program.

As the property owner you will be responsible for purchasing and delivery of all materials needed to complete the project requested. Any fees or expenses to complete the project will be the responsibility of the owner. It is also understood that there is to be no time limit for the completion of the job, although it is the policy of the Automotive Trades Class to expedite the job and to perform the work with the highest quality and safety. It should further be understood that the students, instructor, high school and school district are not in any way responsible for any damages due to theft, fire, accidents or any other cause associated with the project.
