Therefore, internet/online classes do not qualify for the \$2,500 per-course rate. Students in online/internet courses will be charged the tuition rate described below in section 5.
4. Courses delivered to an SFDRICISD facility by an SWTJC instructor via Video Conferencing (television) are considered to be face-to-face, since students receive instruction at a set place and time. Therefore, the \$2,500 per-course fee will apply to Video Conferencing course sections.

Though the program is open to all students who are enrolled in SFDRCID schools, it is specifically targeted to serve traditionally underrepresented students, including low-income, first-generation college-goers and minority students. SFDRCID will invite incoming ninth grade (freshman level) students to apply for admission to the SFDRCID Early College High School (ECHS) or Pathways in Technology Early College High School (P-TECH) program.
2. Students enrolled in the SFDRCID ECHS or P-TECH program will comply with all expectations of compliance in the rules and policies of the District Code of Conduct.

J. Composition of Classes

The Texas Administrative Code (TAC) Title 19, Part. 1, Chapter 4, Subchapter D describes the allowable options for students attending any Dual Credit course. The Del Rio ISD and SWTJC Administrations agree to those options, quoted from TAC, below:

Dual credit courses may be composed of dual credit students only or of dual and college credit students. Exceptions for a mixed class, which would also include high school credit-only students, may be allowed only under one of the following conditions:

If the course involved is required for completion under the State Board of Education High School Program graduation requirements, and the high school involved is otherwise unable to offer such a course.

- (1) If the high school credit-only students are College Board Advanced Placement students.
- (2) If the course is a career and technology/college workforce education course and the high school credit-only students are earning articulated college credit

In the case of J1, above, SWTJC administration may require that the SFDRICISD ECHS and/or P-TECH administration demonstrate the need for such a "mixed class."

Dual credit course class size shall not exceed the capacity limit as set by the college. Distant Learning/Online courses shall not exceed the capacity limit of 15 students per class. Stand Alone/Traditional Face-to-Face courses shall not exceed the capacity limit of 30 students, unless otherwise specified by individual program definitions. Exceptions shall be approved by the SWTJC Vice President of Academic Affairs.

K. Grading Periods and Policies

SWTJC will keep the ECHS Principal/Director and the P-TECH Principal/Director abreast of students who are in jeopardy of failing a class. SWTJC will provide numerical grades for the purpose of calculating District GPA's. Semester grades and grading policies are outlined in each instructor's course syllabus. ECHS and P-TECH personnel are responsible for advising their students of their academic progress in the course's high school component.

Grades are due in the Office of the SWTJC Registrar by the published date and time for each semester. SWTJC transcripts and degree plans will have cumulative GPA's. Transcript corrections due to major change or repeat course are updated prior to the next grade reporting period. The SWTJC Registrar will provide appropriate security and confidentiality measures for reporting and posting of grades and transcript maintenance.

Early College High School (ECHS) and Pathways in Technology Early College High School (P-TECH) shall follow SFDRICISD's grading policy and weighting system for college coursework in determining the student's final high school grade point average (GPA). ECHS and P-TECH students must meet academic standards for coursework completed at SWTJC. Students will be placed on Academic Probation at the conclusion of any long semester (Fall or Spring) when their institutional cumulative grade point average at SWTJC falls below 2.0. Such students are encouraged to participate in **academic support programs** and to seek academic advising.

Students on Academic Probation may enroll for one additional semester in an attempt to achieve the required institutional cumulative grade point average of 2.0 or better. All grade points earned by a student will be included in the computation of the overall cumulative grade point average. In the case of a repeated course, the last grade recorded will be used in the computation. Students on Academic Probation who fail to achieve the minimum institutional cumulative grade point average during the next long semester will be placed on Academic Suspension.

Students on Academic Suspension must sit out one long semester and may re-enroll after such absence under Conditional Academic Probation. Prior to enrolling, the returning student must meet with their assigned ECHS or P-TECH Counselor to develop an academic improvement plan. The student may appeal the Academic Suspension to the SWIM Vice-President of Academic Affairs by submitting to the VP's Office the SWTJC Scholastic Suspension Appeal Form with required documentation. If the appeal is approved, the student will be permitted to enroll under Conditional Academic Probation and will be restricted to enrollment in a maximum of 2 college courses for the probationary semester. Prior to enrolling, the returning student must meet with the SWTJC Vice President of Academic Affairs to develop an academic improvement plan.

GRADES

College level course grades are designated in terms of letters and grade points, which may be interpreted according to the following chart. Grade point averages are computed by assigning value to each grade as follows:

I becomes **F** if the work is not completed during the designated six-week grace period. The six-week period is to counted from the beginning of the following semester (including summer school). Mid-term and final grades can be retrieved via WebAdvisor at www.swtic.edu.

Please note: Grading policies may vary depending on the program. See individual programs in the SWTJC catalog for specific information. Grades: SWTJC will submit numerical grades to the district at the end of each semester.
